INVESTOR PRESENTATION

As of March 31, 2026
Nasdaq: RRBI

Statements in this presentation regarding our expectations and beliefs about our future financial performance and financial condition, as well as trends in our business, interest rates, and markets, are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements often include words such as "believe," "expect," "anticipate," "intend," "plan," "estimate," "project," "outlook," or words of similar meaning, or future or conditional verbs such as "will," "would," "should," "could," or "may." The forward-looking statements in this presentation are based on current information and on assumptions that we make about future events and circumstances that are subject to a number of risks and uncertainties that are often difficult to predict and beyond our control. As a result of those risks and uncertainties, our actual financial results in the future could differ, possibly materially, from those expressed in or implied by the forward-looking statements contained in this presentation and could cause us to make changes to our future plans. Additional information regarding these and other risks and uncertainties to which our business and future financial performance are subject is contained in the section titled "Risk Factors" in our most recent Annual Report on Form 10-K and any subsequent quarterly reports on Form 10-Q, and in other documents that we file with the SEC from time to time. In addition, our actual financial results in the future may differ from those currently expected due to additional risks and uncertainties of which we are not currently aware or which we do not currently view as, but in the future may become, material to our business or operating results. Due to these and other possible uncertainties and risks, readers are cautioned not to place undue reliance on the forward-looking statements contained in this presentation or to make predictions based solely on historical financial performance. Any forward-looking statement speaks only as of the date on which it is made, and we do not undertake any obligation to update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law. All forward-looking statements, express or implied, included in this presentation are qualified in their entirety by this cautionary statement.

This presentation includes industry and trade association data, forecasts, and information that we have prepared based, in part, upon data, forecasts, and information obtained from independent trade associations, industry publications and surveys, government agencies, and other information publicly available to us, which information may be specific to particular markets or geographic locations. Some data is also based on our good faith estimates, which are derived from management's knowledge of the industry and independent sources. Industry publications, surveys, and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable. Statements as to our market position are based on market data currently available to us. Although we believe these sources are reliable, we have not independently verified the information. While we are not aware of any misstatements regarding our industry data presented herein, our estimates involve risks and uncertainties and are subject to change based on various factors. Similarly, we believe our internal research is reliable, even though such research has not been verified by any independent sources.

Our accounting and reporting policies conform to United States GAAP and the prevailing practices in the banking industry. Certain financial measures used by management to evaluate our operating performance are discussed as supplemental non-GAAP performance measures. In accordance with SEC rules, we classify a financial measure as being a non-GAAP financial measure if that financial measure excludes or includes amounts, or is subject to adjustments that have the effect of excluding or including amounts, that are included or excluded, as the case may be, in the most directly comparable measure calculated and presented in accordance with GAAP as in effect from time to time in the U.S.

Management and the board of directors review total tangible common equity, total realized common equity, total tangible assets, tangible book value per share, realized book value per share, and tangible common equity to tangible assets as part of managing operating performance. However, these non-GAAP financial measures should not be considered in isolation or as a substitute for the most directly comparable or other financial measures calculated in accordance with GAAP. Moreover, the manner we calculate the non-GAAP financial measures that are discussed may differ from that of other companies' reporting measures with similar names. It is important to understand how such other banking organizations calculate and name their financial measures similar to the non-GAAP financial measures discussed by us when comparing such non-GAAP financial measures.

A reconciliation of non-GAAP financial measures to the comparable GAAP financial measures is included in the Appendix to this presentation.

History & Strategy

RED RIVER BANCSHARES, INC.

Relationship-Driven Client Focus

Our relationship-driven client focus and consistent lending philosophy result in loyal loan customers who also provide stable core deposits.

Experienced Bankers

In addition to a cohesive, long-tenured executive management team, we enjoy the benefits of an experienced group of client-facing bankers, which has resulted in steady, diversified, organic loan growth, combined with excellent quality metrics.

Conservative Credit Culture

Our founding management team developed the initial credit culture, predicated upon conservative underwriting principles carried over from regional bank experience. This same team has overseen the implementation and periodic adjustment of these core lending tenets over a 27-year time frame.

Full-Service Banking

In addition to traditional banking services, we also provide mortgage and brokerage services.

"Footprint" Lending

We have a low level of participations purchased and shared national credits. Our loan portfolio is well below CRE portfolio concentration guidelines and lower than the CRE portfolio of peers. Our portfolio is further characterized by modest hold limits, strong oversight, and rapid response to problem loan resolution.

Consistent Lending Standards

Fundamental goals continue to include disciplined, profitable growth, broad diversification, high-quality performance, and consistent underwriting standards.

De Novo Growth Strategy

- Disciplined, targeted expansions for profitable growth
- Target markets with significant disruption by competitors
- Concentrate on urban markets with growth potential
- Focus on markets where market share is held by large national and regional banks
- Hire experienced leadership from the market to build a team
- Offer an authentic, full-service, relationship-based community bank experience
- Establish presence initially with an LDPO, then build or buy and remodel a banking center

Disciplined Acquisition Strategy

- Successfully integrated two acquisitions
- Positioned to capitalize on future opportunities

- Interest and dividend income benefited from higher loans and securities yields and higher average loan balances.
- Interest expense decreased due to lower rates on total interest-bearing deposits, slightly offset by higher interest-bearing deposit balances.
- Provision for credit losses increased primarily due to loan growth, lingering impacts related to inflation and tariffs, and greater uncertainty with future unemployment.
- SBIC income decreased due to fund value adjustments as an SBIC fund entered its wind-down phase in 2025.
- Other income increased due to nonrecurring partnership income from JAM FINTOP.

1Q26 Overview

- Interest and dividend income decreased slightly, primarily due to fewer accrual days and the reduction of the target federal funds rate in December 2025.
- Interest expense decreased due to a reduction to the cost of deposits as we lowered selected deposit rates, partially offset by higher average deposit balances.
- SBIC losses occurred due to fund value adjustments as an SBIC fund continues its wind-down phase. We expect SBIC income to fluctuate in future quarters.
- Data processing expense decreased primarily due to 1Q26 benefiting from the receipt of a \$389,000 periodic refund from our data processing center.
- Loan and deposit expenses decreased primarily due to 1Q26 benefiting from receipt of a \$201,000 negotiated, variable rebate from a vendor.

NIM FTE	3.51%	3.51%	0	

NIM Opportunities - April to Dec 2026

- Higher for longer forecasted interest rate environment
- Solid loan pipeline
- Redeploy investment cash flows (\$90.9 million yielding 3.66%) into higher yielding securities
- Reprice maturing loans (\$201.4 million of fixed rate loans yielding 5.87%) into slightly higher yielding loans
- Growth opportunity in new and legacy markets
- Maturing time deposits (\$515.0 million of maturing deposits with average rate of 3.50%) may reprice at slightly lower rates

NIM Challenges

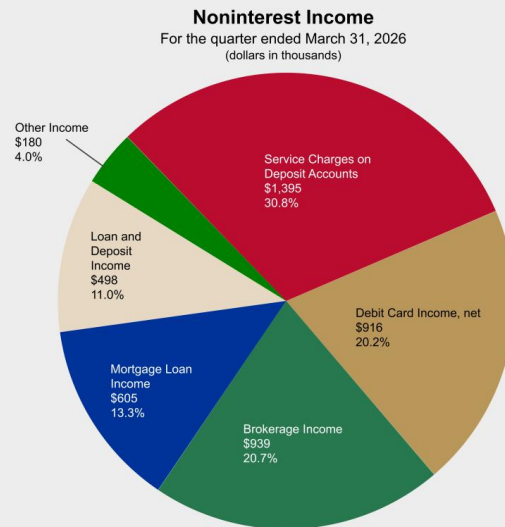

- Uncertainty regarding economic environment, employment rate, geopolitical and inflation uncertainties, and trade
- Competition for new loans and loan pricing challenges
- Deposit rate pressures
- Uncertainty regarding customer deposit activity

Expectations

- Net interest income and net interest margin FTE projected to increase slightly for 2Q26

Noninterest Income (1Q26 vs. 4Q25)

- Noninterest income decreased \$416,000 to \$4.5 million for 1Q26
- Other income decreased \$106,000 to \$83,000 for 1Q26
 - 4Q25 included \$127,000 of nonrecurring JAM FINTOP fund partnership income, following the sale of an investment and subsequent distribution
 - Similar income was not recognized in 1Q26
- SBIC partnerships reported a loss of \$105,000 in 1Q26 compared to a loss of \$197,000 in 4Q25
 - These losses were mainly due to fund value adjustments as an SBIC fund continues its wind-down phase
 - We expect SBIC income to fluctuate in future quarters

Operating Expenses (1Q26 vs. 4Q25)

- Operating expenses decreased \$1.0 million to \$17.3 million for 1Q26
- Personnel expenses decreased \$437,000 to \$10.5 million for 1Q26. Decrease was primarily due to lower personnel-related accruals and lower revenue-based commissions
- Data processing expense decreased \$336,000 to \$377,000 for 1Q26
 - Decrease was mainly attributable to receipt of a \$389,000 periodic refund from our data processing center in 1Q26
- Loan and deposit expenses decreased \$212,000 to \$103,000 for 1Q26
 - Decrease was primarily attributable to receipt of a \$201,000 negotiated, variable rebate from a vendor in 1Q26
- Other taxes decreased \$23,000 to \$560,000 in 1Q26
 - In 2025, Louisiana corporate income tax rates were lowered. In order for financial institutions to be included in this benefit, the State of Louisiana bank stock tax calculation was adjusted effective 2026, which resulted in other taxes being lower in 1Q26

- Continue *de novo*, organic expansion strategy by expanding in Louisiana markets and adding experienced, local bankers
- Continue building a strong, Louisiana-based, super-community bank by leveraging existing infrastructure and adding select new locations to support growth
- Continue protecting and building shareholder value and operating with high performing financial results
- Maintain disciplined capital management, including declaring dividends each quarter and opportunistic stock repurchases
- Monitor for strategic acquisition opportunities that fit culturally and create long-term value
- Focus on relationship banking to generate core deposits and maintain a diversified loan portfolio
- Expand mortgage and brokerage staff in order to increase revenue in newer markets
- Continue to invest in digital systems and products to improve operating efficiency and customer experience
