RAYMOND JAMES U.S. BANK CONFERENCE SEPTEMBER 7 - 8, 2022

As of June 30, 2022 Nasdaq: RRBI

Forward-Looking Statements and Non-GAAP Information

Statements in this presentation regarding our expectations and beliefs about our future financial performance and financial condition, as well as tre business and markets, are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section Securities Exchange Act of 1934, as amended. Forward-looking statements often include words such as "believe," "expect," "anticipate," "intend," "estimate," "project," "outlook," or words of similar meaning, or future or conditional verbs such as "will," "would," "should," "could," or "may." The looking statements in this presentation are based on current information and on assumptions that we make about future events and circumstance: subject to a number of risks and uncertainties that are often difficult to predict and beyond our control. As a result of those risks and uncertainties, financial results in the future could differ, possibly materially, from those expressed in or implied by the forward-looking statements contained in this presentation and could cause us to make changes to our future plans. Additional information regarding these and other risks and uncertainties to w business and future financial performance are subject is contained in the section titled "Risk Factors" in our most recent Annual Report on Form 10 subsequent quarterly reports on Form 10-Q, and in other documents that we file with the SEC from time to time. In addition, our actual financial res future may differ from those currently expected due to additional risks and uncertainties of which we are not currently aware or which we do not cur as, but in the future may become, material to our business or operating results. Due to these and other possible uncertainties and risks, readers are not to place undue reliance on the forward-looking statements contained in this presentation or to make predictions based solely on historical finan performance. Any forward-looking statement speaks only as of the date on which it is made, and we do not undertake any obligation to update or re forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law. All forward-looking statements, express or implied, included in this presentation are qualified in their entirety by this cautionary statement.

This presentation includes industry and trade association data, forecasts, and information that we have prepared based, in part, upon data, forecas information obtained from independent trade associations, industry publications and surveys, government agencies, and other information publicly us, which information may be specific to particular markets or geographic locations. Some data is also based on our good faith estimates, which are from management's knowledge of the industry and independent sources. Industry publications, surveys, and forecasts generally state that the infor contained therein has been obtained from sources believed to be reliable. Statements as to our market position are based on market data currently to us. Although we believe these sources are reliable, we have not independently verified the information. While we are not aware of any misstatem regarding our industry data presented herein, our estimates involve risks and uncertainties and are subject to change based on various factors. Sin believe our internal research is reliable, even though such research has not been verified by any independent sources.

Our accounting and reporting policies conform to United States GAAP and the prevailing practices in the banking industry. Certain financial measure management to evaluate our operating performance are discussed as supplemental non-GAAP performance measures. In accordance with SEC rule classify a financial measure as being a non-GAAP financial measure if that financial measure excludes or includes amounts, or is subject to adjust the have the effect of excluding or including amounts, that are included or excluded, as the case may be, in the most directly comparable measure calcipates presented in accordance with GAAP as in effect from time to time in the U.S. Management and the board of directors review tangible book value per tangible common equity to tangible assets, realized book value per share, and PPP-adjusted metrics as part of managing operating performance. He these non-GAAP financial measures should not be considered in isolation or as a substitute for the most directly comparable or other financial measure calculated in accordance with GAAP. Moreover, the manner that we calculate the non-GAAP financial measures that are discussed may differ from the companies reporting measures with similar names. It is important to understand how such other banking organizations calculate and name their financial measures similar to the non-GAAP financial measures discussed by us when comparing such non-GAAP financial measures. A reconciliation of non-financial measures to the comparable GAAP financial measures is included in the Appendix to this presentation.

Guiding Principles - Relationship-Based Lending RED RIVER BANCSH

Conservative Credit Culture

Our founding management team developed the initial credit culture, predicated upon conservative under principles carried over from regional bank experience. This same team has overseen the implementation periodic adjustment of these core lending tenets over a 23-year time frame.

Experienced Bankers

In addition to a cohesive, long-tenured executive management team, we enjoy the benefits of an experier group of client-facing bankers, which has resulted in steady, diversified, organic loan growth, combined v excellent quality metrics.

Relationship-Driven Client Focus

Our loan portfolio is well below CRE portfolio concentration guidelines, which complements our conserva lending philosophy and simultaneously drives our relationship-driven client focus, resulting in a strong cc deposit base and enhanced liquidity options.

"Footprint" Lending

We have a low level of participations purchased and shared national credits. Our portfolio is further char by modest hold limits, strong oversight, and rapid response to problem loan resolution.

Consistent Lending Standards

Fundamental goals continue to include measured growth, broad diversification, and high-quality perform Underwriting standards remain consistent regardless of economic conditions.

Strategic Outlook

- Continue building a strong, Louisiana-based, super-community bank by leveraging existing infrastructure
- Continue de novo, organic expansion strategy
- Disciplined focus on personal, relationship banking and building shareholder value
- Manage net interest income and net interest margin in a changing interest rate environment
- Monitor liquidity
- Analyze industry trends and Red River Bank products regarding overdraft fees
- Seek to take advantage of disruption in the marketplace, due to mergers and acquisitions and branch closures/limited service by larger national and regional banks
- Expand market share in newer South Louisiana markets, and remodel new operations building in Central Louisiana markets.
- Monitor markets for opportunity for organic growth or key acquisitions
- Continue to build out digital offerings as needed in order to serve our target customer base
- Continue to expand mortgage operations and investments division across markets
- Monitor asset quality trends and maintain appropriate level of allowance for loan losses
- Continue disciplined capital management via dividends and stock repurchase plans

Summary

Improved profitability with increasing NIM % and net interest income

Diversified loan portfolio with solid asset quality and allowance

Strong core deposit base

Continued organic expansion into largest Louisiana market for future growth
